The 2021 assessment and appeal schedule coincides with the implementation of iasWorld, a new integrated property tax system. This upgrade moves us from an aging mainframe system onto a stat-of-th-art platform that allows property owners to easily access and update property data. Therefore, assessment mailing dates and appeal dates are subject to change. Please plan accordingly. Information will be published as it becomes available.

As new townships are certified, those dates will be published below.

Our phone lines remain open to the public during normal business hours and assistance is [available via our website and social media channels](#).

Last updated: 04/12/2022

Note that values may take 24 hours to update online from the mail/certified date. Result letters will be sent in the mail or sent to practitioners via GOVQA in the few days after certification.

Tentative Township Order for 2023 Reassessment

The following ten townships will be the first to be rassessed and opened for appeals in the 2023 reassessment cycle.

River Forest
Riverside
Oak Park
Cicero
Calumet
Norwood Park
Berwyn
Barrington
Bloom
Hanover

At this time, we do not have exact dates for when 2022 reassessment notices will be distributed or townships will be open for appeals. When the 2022 reassessment cycle begins, more specific information will be posted on this page.

Our office continues to process appeals and certify townships as part of the 2021 Chicago reassessment process.

The CCAO is working in conjunction with the Cook County Bureau of Technology and the Cook County Board of Review on the implementation of iasWorld, a new integrated property tax system. In order to certify townships, both the CCAO and the BOR County offices must make changes to their internal systems. This process has led to delays in certifying townships. All offices of the property tax system are working diligently to manage this process.
